

Albert Badretdinov:

- 1) Everything, that in package "Classes"
- 2) Some methods in DataBaseHelper:

```
public ArrayList<Books> returnListOfUsersBook(int uId)
public ArrayList<Articles> returnListOfUsersArticles(int uId)
public ArrayList<AV> returnListOfUsersAv(int uId)
```

Alexander Solovyov:

- 1) Added methods for working with priority queue
- 2) Fixed some errors in class DataBaseHelper
- 3) Added new table in database

Denis Levkovets:

- 1) working with the interface
- 2) linked the implementation of new methods to the interface
